Hello Sarah,

So we had our meeting with the HOPE officers and SLO it was productive. I told them to let me know when they are holding operations that might need your team's involvement so we may provide support. In addition, they can provide support regulating small encampments so CARE/CARE+ services may stick to more pressing issues.

I had a quick question regarding bulky items. During the meeting, the officers told us that sanitation was not removing bulky items anymore as it might be considered personal property even if they block the right of way. May you please clarify of the new rule if any?

Thanks,
